A Complete Solution to Excipients

# About Keval Exports

Keval Exports was established in 2016 to manufacture superior quality of excipients of Micro Crystalline Cellulose, Sodium Starch Glycolate, Cross Carmellose Sodium, Magnesium Stearate, RC591, Calcium carbonate and Sodium Carboxymethyl Cellulose with highly qualified and experience team.

Our Company is known for its great virtuosity in manufacturing and supplying of excipients.

From long experience that we have in the industry and with the advanced technologies that we employ in our facilities.

Our Moto is to provide high quality product at reasonable price.

## Our Mission

Our mission is to uphold our social responsibilities of delivering highest standard services to all segments of pharmaceutical requirement without compromising on our core values of integrity, good ethics and commitment. To become a globally acclaimed pharmaceutical company through development and introduction of wide portfolio of Pharmaceutical.

## Our Vision

Our vision is to make Keval Exports a global pharmaceutical organization and to be recognized as domestic and internationally integrated pharmaceutical company through Innovation, Quality and Competence. To become the leading pharmaceutical player in the industry by assuring high quality standards and cost effective products at all times.

# Products

Microcrystalline Cellulose

IP/BP/USP/EP/JP

Croscarmellose Sodium

IP/BP/USP/EP/JP

Magnesium Stearate

IP/BP/USP/EP/JP

Sodium Starch Glycolate

IP/BP/USP/EP/JP

RC 591

IP/BP/USP/EP/JP

Calcium carbonate

IP/BP/USP/EP/JP

Sodium Carboxymethyl Cellulose

IP/BP/USP/EP/JP

# Quality Policy

Keval Exports believes that quality is the bedrock of every action we undertake. Our Customer associate with us reason as qualitative nature of products. Roll out is in complete alignment. We have institutionalized a stringent quality check mechanism to ensure that every product we roll out is in complete alignment with our customer's expectation.
